DXC Technology Global IT Services and Solutions Leader DXC Technology is the world’s leading independent end to end IT services and solutions company helping clients harness the power of innovation to thrive on change. A Pathway to Zero Deforestation Cattle The Amazon biome covering almost half of the entire Brazilian territory is an iconic landscape with priceless human wildlife carbon and water storage and cultural values for Brazil and the whole planet. It also supports millions of people who rely on this region to sustain their livelihoods. Cattle ranching occurs on over two thirds of deforested land in the Brazilian Amazon 1 2 and has Big data The next frontier for innovation competition The amount of data in our world has been exploding and analyzing large data sets—so called big data—will become a key basis of competition underpinning new waves of productivity growth innovation and consumer surplus according to research by MGI and
McKinsey’s Business Technology Office Digital Systems & Technology—Modernize IT Infrastructure

The legacy IT that’s so critical to your daily operations. It’s outdated and becoming more of a liability every day. Let’s face it: IT systems based on older technologies and processes are steadily falling behind the speed and power curve. And every time you add an application or workaround to compensate, you’re raising the cost of maintaining systems increasing risk and delaying the innovation.

Wikipedia defines innovation in its modern meaning as a new idea, creative thoughts, new imaginations in form of device or method. Innovation is often also viewed as the application of better solutions that meet new requirements unarticulated needs or existing market needs. Such innovation takes place through the provision of more effective products, processes, services, technologies, or business models.

DATE 2019: Design Automation and Test in Europe

The DATE 2019 Conference and Exhibition attracted more than 1,600 registrations from over 40 countries and concluded with excellent feedback from both participants and exhibitors. DATE combines the world’s favourite electronic systems design and test conference with an international exhibition for electronic design automation and test from system-level hardware and software.
