Institute - A perceptive reader of the magazine pointed out that I overlooked the work of Carleen Hutchins, a high school biology teacher turned luthier who reinvigorated the world of violin
making in the mid 20th century. In 1947 while Hutchins was pregnant with her first child she decided to leave her teaching job at the Brearley School in Manhattan.
Carleen Hutchins devised new system to make violins

- In the mid 20th century when Carleen Hutchins was at the height of her career it was unusual enough for a woman to
make violins It was even more unusual for a violin maker to conduct hands on
