conduct of war

Conduct of War is the study of the way in which political and economical changes since the French Revolution have altered both the techniques and the aims of war Geneva Conventions Wikipedia The Geneva Conventions comprise four treaties and three additional protocols that establish the standards of international law for humanitarian treatment in war The singular term Geneva Convention usually denotes the agreements of 1949 negotiated in the aftermath of the Second World War which updated the terms of the two 1929 treaties and added two new conventions The Geneva Conventions extensively defined the basic rights of wartime prisoners established protections for the wounded and
